APPROACH TO STUDENT MANAGEMENT

The school's positive and proactive approach to discipline is in line with MOE's Discipline Framework.

The Student Management Committee aims to inculcate the basic values of respect, self-discipline, social responsibility and moral integrity. We want to develop in our students (termed as Serangoon StaRs) a sense of self-control and responsibility that lays the foundation for their success in school. This is achieved by creating a supporting and nurturing environment and by communicating clear expectations of student behaviour. We also expect students to take ownership of their behaviour by ensuring exemplary conduct at all times. We discipline because we care.

The committee focuses on both aspects of discipline – preventive and corrective. Preventive discipline is achieved through communication of clear expectations and rules of behaviour in school. Students are expected to be aware of these expectations and rules and conduct themselves accordingly, whether in or out of school, until the student graduates from school.

Corrective discipline is achieved through intervention procedures to promote acceptable behaviours, and to change unacceptable behaviours to acceptable behaviours. Consequences for misconduct are clearly spelt out and followed to deter further offences. Students who misbehave are also referred for counselling.

Counselling complements the disciplinary actions taken. Counselling sessions offer opportunities for students to reflect on their own behaviour and take personal responsibility for correcting them. Students will be guided by the counsellors to focus on their actual goals for being in school and plan steps to achieve them.

SCHOOL RULES & EXPECTATIONS

The following are general standards of good behaviour expected of all students that apply in any setting and mode of interaction, including the digital realm.

1. Exemplary Conduct

Students must be on their best behaviour in and out of school. This includes greeting school staff and visitors, being polite, considerate, responsible and respectful of self and others.

2. Respect for All

Students must respect authority. They have the responsibility to cooperate with all school staff and student leaders. Students must also respect their peers and co-create a conducive environment for learning. They can do so by not ridiculing or teasing others, to avoid disturbing their learning. They must also behave in an appropriate and reasonable manner in and out of the school. Students must also respect school property and the environment. Expectations for respect apply to all activities, including those carried out in the digital realm.

3. Appropriate Attitudes towards Learning

With academic success as their end in mind, every student must be present for lessons and actively participate in related activities. Punctuality for lessons and activities is also non-negotiable. Every student should be attentive during lessons, and complete and submit quality assignments and homework as expected. Students should be good team members when working in groups.

For learning to take place, students must have textbooks, stationery and other writing materials. They should bring their textbooks home to do their homework or revise the topics taught in class. Only files and dictionaries can be left in the classroom with permission from the form or subject teachers, but the school is not responsible for any loss.

It is every student's responsibility to be familiar with all school rules and expectations and observe them accordingly. Ignorance is neither a reason nor an excuse for inappropriate behaviour. Failure to observe rules and expectations will result in the student facing disciplinary measures including detention, corrective work order, suspension, caning or any other measures deemed appropriate by the school.

It is expected of every Serangoon StaR to have integrity. They must come forth when they have knowledge of wrongdoing, be it of their own or others. Students who choose to remain silent and allow wrongdoing or harm to take place are culpable and will be held accountable for their inaction.

1. General Conduct

CO-CURRICULAR ACTIVITIES (CCAS)

CCAs are an important part of our students' holistic education, enriching their overall school experience. Through CCAs, students discover their interests and talents while developing values and competencies that will prepare them for a rapidly changing world. CCAs also promote friendship among students and hone leadership in them as they learn and work together with each other from diverse backgrounds. Participation in CCAs fosters social integration and deepens students' sense of belonging, commitment and sense of responsibility to the school, community and nation. CCAs provide students with opportunities to develop and deepen 21st Century Competencies, as well as experiences and memories that will last a lifetime.

The school offers a total of 17 CCAs from the following four categories:

Physical Sports	Uniformed Groups	Performing Arts	Clubs
Basketball (Boys)	Girl Guides	Chinese Ensemble	AVA & Photography
Floorball (Boys & Girls)	NCC (Land) (Boys & Girls)	Choir	InfoComm Club
Football (Boys)	NPCC (Boys & Girls)	Contemporary Dance	
Netball (Girls)	Red Cross (Boys & Girls)	Drama Club	
	Scouts	Malay Dance	
		Symphonic Band	

EXPECTATIONS

To reap the maximum benefits from our CCA programme, students are expected to:

Be an active member of **ONE** CCA with ***AT LEAST 75% CCA ATTENDANCE** for each year

Demonstrate commitment to their CCA by remaining in the CCA until the completion of their secondary education

Ensure that **absence from CCA is supported by a valid medical certificate or letter from parent/guardian (capped at a maximum of 3 letters per term)**

IMPORTANCE OF CCA ATTENDANCE

Students who wilfully skip CCA without valid reason will affect their CCA attendance. The possible consequences for students with **less than 75% CCA attendance** are as follows:

- **FAIR/POOR** conduct grade, and **WILL NOT** be eligible for MOE ECHA Award, EAGLES, Edusave Scholarship/Bursary Good Progress Award.
- Missing out on personal development through CCA

IMPORTANT: Students with sustained CCA attendance of less than 75% will face the risk of getting **FAIR** in the co-curricular attainment and not be awarded any bonus points for admission to Junior Colleges/ Millennia Institute/ Polytechnics/ Institute of Education (JC/MI/Poly/ITE). This will also affect their testimonial in the School Graduation Certificate.

LEAPS 2.0

LEAPS 2.0 is a MOE framework to recognise students' holistic and balanced development. Students will be recognised with levels of attainment in four domains: Participation, Service, Leadership and Achievement.

PARTICIPATION

This domain recognises students' **participation in one school-based CCA**. Recognition is based on the number of years of participation and exemplary conduct and active contribution to the CCA. **Sustained engagement in the same CCA** allows for progressive development of character, skills, knowledge and friendships, and will be accorded higher recognition.

SERVICE

This domain recognises students' **development as socially responsible citizens** who contribute meaningfully to the community. Every secondary school student will contribute at least 6 hours per school year to the community. They can choose to embark on a Values in Action project (VIA). Students will be recognised for the time they put into planning, service and reflection, when participating in a VIA project.

LEADERSHIP

This domain recognises students' **leadership development**. Recognition is accorded to students' ability to take charge of personal development, work in a team and assume responsibilities in service of others. In addition to formal leadership appointments, participation in student leadership modules/workshops, the National Youth Achievement Award (NYAA) and leadership positions in the school, CCA or student-initiated/student-led projects will also be recognised.

ACHIEVEMENT

This domain recognises students' **representation** and **accomplishment** in co-curricular involvements beyond the classroom. Opportunities for representation and accomplishment present valuable learning experiences for students to learn discipline, resilience and develop their character. Students may represent the school or organisations endorsed by the school. Recognising external opportunities better caters to students' diverse interests and talents. It also recognises the community's role in developing the child.

Representation refers to being selected and endorsed by the school or an organisation endorsed by the school (e.g. the community club or national association) to contribute, perform or compete. It need not be tied to his/her CCA in school.

Accomplishment refers to attaining accolades and awards at competitions, festivals, performances, exhibitions, conferences and symposiums where the student represents the school or other organisations endorsed by the school.

LEAPS 2.0 LEVEL OF ATTAINMENT

At the end of the graduating year, students' co-curricular attainment will be recognised according to Excellent/Good/Fair. The **level of attainment will be converted to a bonus point(s)** which can be used for admission to Junior Colleges/ Millennia Institute/ Polytechnics/ Institute of Education (JC/MI/Poly/ITE).

Attainment Level	Criteria
Excellent (2 bonus points)	Student who attains a minimum Level 3 in all four domains with at least a Level 4 in one domain.

GOOD ONLINE HABITS

It is always important to protect yourself from the harmful effects of cyber security breaches. The majority of cyber security breaches results from an online act users did or fail to do. The following Good Online Habits will keep you safe online!

01

Set Strong Password

Creating a strong password policy is key to helping us safeguard ourselves from any unauthorized intrusion into our online privacy. Keep a secure, unique password for each of your online accounts. This is critically important for your safe journey in the cyber space.

02

Ignore or Close suspicious pop-messages

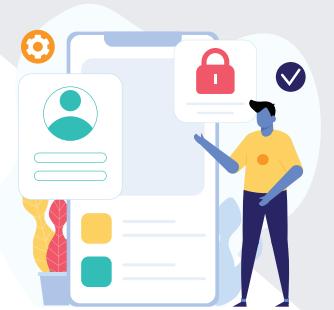

Hackers have started to use fake pop-ups to get access into your online platforms or your device. So, if you see any suspicious pop-ups, just ignore or close them. For pop-ups that won't go away, shut down your computer and clear your internet browser history.

03

Delete messages with suspicious attachments or links

Be suspicious of any email attachments from unknown sources. Never open an email attachment you are unsure of. Keep an Anti-Virus program installed and updated at all times.

04

Set appropriate privacy settings on social media

You should always be aware of how much personal information you post on social media platforms. The more information you post, the easier it may be for a hacker or someone else to use that information to steal your identity, access your data, or commit other crimes such as stalking.

The book was interesting only at times. The story was only engaging at times and I found it somewhat challenging to continue at times. It helped me expand my knowledge on styles of writing and there were only minimal opportunities for vocabulary expansion.

The book was largely interesting. The story was largely engaging but at times I found it somewhat uninteresting. It mostly widened my knowledge on styles of writing and there were opportunities for vocabulary expansion.
